# Closing Ceremony Speech

Wroclaw, 20th July 2013

Mr Aleksander Marek Skorupa – Governor of Dolnoslaskie

Mr Rafal Dutkiewicz – Mayor of Wroclaw

Mr Tadeusz Wieckowski – Rector of Wroclaw University of Technology

Mr Radek Kielbasinski - President of the Polish Bridge Union

Dear Young Bridge Friends,

I am pleased to welcome you for the EBL Youth Team Championships Closing Ceremony.

This year, you have been 50 teams coming from 26 countries to compete.

You played in a very good spirit with a lot of fair play; there were few appeals.

These Junior, Youngsters and Girls competitions are a qualification step for the World championships. In 2014, these world championships will be held in Istanbul in Turkey in August. From Europe, in addition to the Turkish team, there will be 6 teams qualified in Junior, 6 in Youngsters and 5 in Girls teams.

Next year for the 12th EBL Youth Pairs Championships, we will move to Burghausen (Germany) from 12<sup>th</sup> to 19<sup>th</sup> July with a five day Pairs competition followed by an EBL three day Camp with a strong support of the German Bridge

In 2015, there will be the 25th European Youth Bridge Team Championships and we will be hosted by the Norwegian Bridge Federation in Tromsø/Norway which is located 300 km in the North of the Arctic Circle with the Midnight Sun. It will be a marvellous experience and the EBL has negotiated special financial conditions for travel and accommodation.

I want to thank the Polish Authorities for their great support in the organisation of these Championships and in particular the Governor, Mr Aleksander Marek Skorupa, who honours us tonight with his presence.

Hosting these Championships would not have been possible without the generous support of the Polish sponsors and I express my thanks and my appreciation to all of them.

Thank you to the Hungarian Federation, its President Tibor Nadasi and the organiser of the Kibik Budapest Bridge

Yves Aubry - EBL President

Open offering a full free package for 3 days in Budapest in August to the three gold medal teams of the EBL Championships.

Finally, I want to thank the Polish Bridge Union, the Organising Committee, the Championship Committee and the staff who have worked with enthusiasm and professionalism to make this event in Poland such a success.

I will now make an award to some Authorities and Members of the Polish Federation

- Marek Skorupa Governor of Dolnoslaskie Province
- Rafal Dutkiewicz Mayor of Wroclaw
- Rafal Jurkowlaniec Marshal of Dolnoslaskie Province
- Tadeusz Wieckowski Rector of Wroclaw University of Technology
- Zbigniew Sroka Member of the organising committee
- Slawek Latala On site Organiser
- Radek Kielbasinski President of the PBU

And finally it is a great pleasure to award with the EBL Bronze Medal Stanislaw Golebiowski (known as "Bubu"), chairman of the organising committee.

I hope that you will all keep a great memory of your stay in Wroclaw.

Tomorrow, you will go back home.

Have a safe journey and enjoy your evening.

I officially declare closed the 24th European Youth Bridge Team Championships.

# The EBL Youth Committee Meeting

The EBL Youth Committee was joined by visiting WBF President Giannarigo Rona and Mr. Ata Aydin, WBF Youth Committee Chairman.

Presentations and discussions were held about:

- (a) next year's EBL Youth Pairs and Camp in Burghausen, Germany from 11 to 19th July (details in yesterday's Bulletin). The Pairs is a national event for Mixed, Juniors, Girls and Youngsters. For those who do not reach the finals there is a one-day President's Cup Transnational Pairs. The three-day Camp follows which is suitable for players of all standards, minimum age 15. Josef Harsanyi of the German Bridge Federation announced it would be followed by a German Camp where attendees at the EBL Camp could extend their stay.
- (b) The 2015 Youth Teams Championship in Tromso, Norway. EBL President, Yves Aubry, announced it would be two days shorter than Wroclaw with matches of 16 boards rather than 20. Some days might have four matches.
- (c) The 2014 World Youth Championships in Istanbul. During the lunch break the contract for the event was signed by the WBF President and Mr. Ata Aydin of the Turkish Bridge Federation.
- (d) The 2013 EUSA event this October in Kraljevica, Croatia, 2014 FISU bridge in Rotterdam, and 2015 EUSA University events in Warsaw by the organiser, Geert Magerman

of Belgium. He reported that the 2013 internet competition had 66 teams for the world event and 33 for the European event. He expected in 2016 bridge would be included in the EUSA games with other sports.

Discussions were held about the lessons learned in Wroclaw and how to expand bridge in general and junior bridge in particular. The French Bridge Federation had developed a short video for showing on TV advert breaks, aimed at the middle-aged. Milan Macura of the Czech Republic reported his Federation were intending to do the same aimed at young bridge players for Facebook. A Swedish training manual had been translated into English and was now available free of charge via the internet.

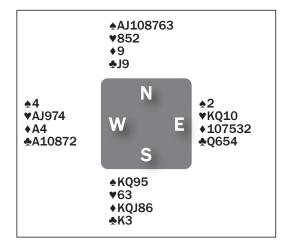

# Israel v Poland (Juniors Round 19)

#### by Brian Senior

Three rounds to go in the Juniors and titles, medals and world championship places up for grabs. Israel and Poland are two of the powerhouses of European bridge, and any match between the two rates to be hard fought at the best of time; with the championships so close to the end, this match was a vital one for both teams.

Michal Klukowski's double of the 1♥ overcall was a transfer to spades. When Gal Gerstner merely competed with 3♥ at his second turn, Klukowski jumped to 4♠ and was left to play there, Lotan Fisher having no reason to consider a second effort on the East cards. Gerstner led his trump against 4♠. Piotr Tuczynski won on table and led the nine of diamonds to his king. Gerstner won the ace and cashed the ace of hearts, fisher following with the ten, then the ace of clubs, Fisher playing the four. In context of reverse attitude, it seemed clear to continue with a second club, but now the second defensive heart trick went away on the diamonds and Tuczynski had ten tricks for +620. Fisher might have considered that his heart ten would look discouraging and drop the king at trick one, promising the queen. That would have ensured that Gerstner got it right.

Pawel Jassem jumped to 4♣ at his second turn as West and now Jakub Wojcieszek could see a potential big double fit so went on to 5♥ over 4♠. There was just one trick in each side suit to be lost; down one for -100 but 11 IMPs to Poland.

Both Souths made a Michaels Cuebid to show spades and a minor, and both N/S pairs did what they were supposed to do on the deal by bidding to 5. Padon was left to play

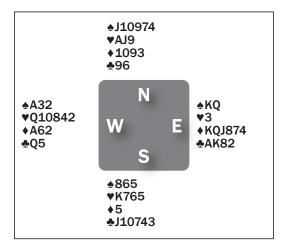

Piotr Tuczynski

there, though nobody found a double. Wojcieszek cashed his bare ace of clubs then switched to a heart and Jassem gave him his ruff so the contract was two down for -200.

Fisher misjudged by going on to 6♦ over 5♠ and that had two top losers for down one and another +200 to Poland and 9 IMPs.

That made it 26-0 to Poland, who had picked up smaller swings on the other two boards played, but now things settled down and Israel slowly crept a little closer on a generally quiet and well-played set of hands. Both teams handled these two slam deals well.

In the Polish auction, Jassem got to show his diamond support and, when Wojcieszek invited slam, he jumped to 6♦ on the strength of his two aces.

Gerstner did not show diamond support until he cuebid at the four level, after which Fisher checked on key cards and bid the slam.

There was nothing to the play and both declarers chalked up 12 tricks for a flat board at +920.

This one proved to be very straightforward when both Wests judged their hand to be strong enough to rebid 3♣ and East could raise that suit. One cuebid, key-card, and that was that. Again, there was nothing to the play and both made 12 tricks for +1370.

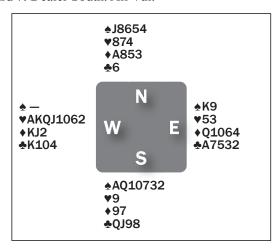

Poland held on to win the match by 32-19 IMPs, 13.2-6.8 VPs. That left Poland in second, 5.49 VPs behind France with two rounds to play, and Israel in fourth, just behind the Netherlands.

# Turkey v Romania (Juniors Round 20)

by Brian Senior

As hosts, Turkey will have an automatic place in next year's world championships in Istanbul. However, they would, of course, prefer to qualify at the table, quite apart from the small matter of wanting to win a medal here in Wroclaw. Both those goals were still achievable as Turkey sat down to face Romania in Round 20 of the Juniors Championship, though the medal would need two big wins and some luck with other results.

6♥	All Pass		

This must be one of the biggest swings of the entire tournament. For Romania, Razvan Gheorghe opened the South hand with a Multi and Sarper Uslupehlivan overcalled 4♥. Radu Nistor chose to make an advance sacrifice in 5♠, not imagining that 4♠ would ever end the auction when he had such good spade support and so few high cards. Alas for Nistor, this merely served to put momentum into the auction and, when Muhammet Ozgur doubled to show some values, Uslupehlivan bid the cold 6♥. Six Spades would, of course, have been a very cheap save, but N/S felt that they had made their opponents guess and should now hope they had guessed wrong; +1430.

In the other room, Akin Koclar opened with a natural weak two bid and again West overcalled 4♥. Now Sehmus Ercan bid 4♠, knowing which his partner's suit must be, and that ended the auction. It seems that West might have doubled when 4♠ came around, but I have heard of at least one table at which that happened and East passed it out,

which is by no means a ridiculous decision, and that was –790. In our match, Koclar ruffed the second heart and set about taking the required club ruffs in dummy. The defence was powerless and a winning trump play brought home the contract for +620 and 19 huge IMPs to Turkey.

_	_	2♣	Pass
2♥	Pass	2♠	Pass
3♠	Pass	7♠	All Pass

This must be the biggest hand, at least in terms of high-card points, that many of our Easts will ever have picked up. In the Romanian auction, East's auction showed 30-31 HCP. It appears that East and West may have been on different wavelengths from here, but East trusted his partner to make the final decision and they stopped in the cold small slam for +1020.

Seven No Trump is actually a poor contract, requiring that clubs split evenly – the defence should not be under genuine pressure while discarding as, for example, if either defender held four clubs with the king of diamonds, they would know that declarer did not take the diamond finesse whilst in dummy with the spade jack, so presumably did not have a diamond finesse to take. Seven Spades is rather better, in that declarer can draw two rounds of trumps then play on clubs, making when the suit divides three-three, but also when the same hand holds the length in both black

suits. I think I would still rather stop in 6NT, but you can understand that 7♠ was the practical bid from Ozgur's point of view once he discovered spade support. That was +1510 to Turkey and 10 IMPs.

Both Norths declared 44 after E/W had found their diamond fit. It is interesting that, while Ozgur made a pre-emptive diamond raise on his six-card support, Liviu Vlasceanu preferred a gentle 24, hoping to take momentum out of an auction in which it looked as though his opponents would do well to bid a lot.

Vlasceanu led a trump to the ten and ace and, it being unlikely that he would have led from queen-to-three, Ercan

Radu Nistor

Sehmus Ercan

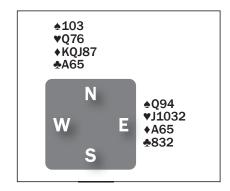

led a spade back to the king and ran the hearts, getting rid of his diamond loser. He then misguessed clubs but still had 11 tricks for +450.

Ozgur led his singleton heart. Nistor won in dummy and played a spade to the ace them a spade to the jack and queen. From his point of view, the heart was a clear singleton, making it more likely that East held spade length. Uslupehlivan won the spade, cashed the king of diamonds, and exited with a heart. It all came down to the club guess and, when Nistor got that wrong also, he was one down for –50 and 11 IMPs to Turkey.

The match ended in a 57-23 IMP, 16.8-3.2 VP win for Turkey, leaving them in fourth place with one match to play.

## **Defensive Problem 2**

Dealer South. All Vul.

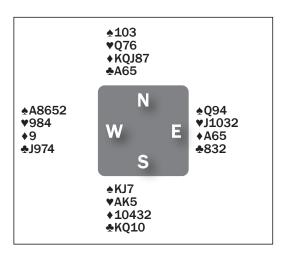

West	North	East	South
_	_	_	1NT
Pass	3NT	All Pass	

The first thing to think about when being on defense is to try to figure out how many HCP your partner has. Here you know that South has 15-17and since you and the dummy combined have 19 we know that our partner has 4-6 HCP.

The next question is, can we beat the contract? Our partner led the two of spades, 1<sup>st</sup>, 3<sup>rd</sup> and 5<sup>th</sup>. Declarer calls for the three from dummy. What do you play and why?

## **Defensive Problem 2 – Solution**

If we play the queen of spades, South wins with the king and plays a diamond to our ace. You continue with a spade but declarer will only lose one more trick before he claims the remaining tricks.

Normally, high in third seat is good, but on this occasion when we know that declarer probably has three cards in the suit, we have to 'take care' of dummy's ten of spades and finesse it to put pressure on the declarer. So let's play the nine, declarer wins with the jack and plays a diamond which you win with the ace and return the queen of spades; which leads to five tricks to the defense.

The nine of spades is only wrong when partner has aceking of spades, but we knew from when we planned how to defend that our partner only had 4-6 HCP, so that was impossible.

### KONKURSOWA ROZGRYWKA

Marek Wójcicki

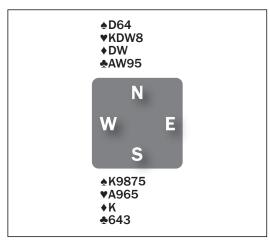

Rano dostałem mail od szefa komisji nagród IBPA, Barry Rigala, z prośbą o nadsyłanie zgłoszeń do konkursu na juniorską nagrodę na rozgrywkę, licytację, bądź wist roku. Do tej pory nic nadzwyczajnego tutaj nie zaobserwowałem, a 10 minut po przeczytaniu maila – jak na życzenie:

Popatrzmy na rozdanie z pokazywanego w brydżramie meczu juniorek Polska – Holandia:

Po licytacji (obie po, rozd. E)

W zaatakowała asem karo i po wzięciu lewy powtórzyła karo. Jak należy rozgrywać?

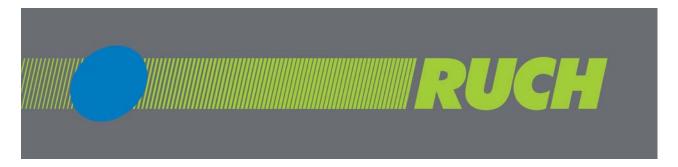

Na karo wyrzucamy oczywiście trefla i co dalej? Na pewno oddamy trefla, a jakie są szanse na oddanie tylko jednej lewy atutowej? Niewątpliwie niewielkie, ale...

Po otwarciu 3♦ i ujawnieniu przez W asa karo, as atutowy na pewno jest u E. Czy może być drugi? Teoretycznie tak, ale siedmiokart karowy w ręce W czyni to mało prawdopodobnym. Trzeba szukać innej szansy. Nim zakończyłem ten wywód do zgromadzonych w sali brydźramy widzów, Basia Rosłon znalazła ją – zagrała ze stołu damą atu! I to było to – E dołożyła blotkę, z ręki blotka, a od W – walet. Teraz pik ze stołu, od E blotka, impas dziesiątki i kontrakt został zrealizowany, gdyż całość rozdania wyglądała następująco:

Na drugim stole Žmuda z ręką W także otworzyła 3♦ i na tym licytacja zgasła. Kontrakt został zrealizowany.

#### **RUCH read a new**

RUCH is one of the most recognizable brands in Poland. Its history dates back to 1918, which means that it is 95 years of age. Today RUCH is a privately held company that is currently undergoing dynamic transformation aimed at matching the business with the needs of customers across the country. The changed logo and new kiosk cubes make the external sign of many changes that are currently taking place in the company. The new model of kiosks is a synonym of modernity, openness to the contacts with customers and immediate reaction to their spontaneous needs.

#### Listening to the rhythm of millions

RUCH's network of sales is built so as to be able to satisfy basic but pressing needs of our customers at each step. Purchasing press, tickets, morning coffee or snacks, that is activities we usually do not want to devote too much time to and that we do without prior planning, may be done in a an easier and faster way. While designing a new kiosk, we tried to make even the quick way of shopping for small products pleasant. The new kiosk cube is wide open, products are easily accessible and well displayed, and the contact with the assistant has been made comfortable.

Kiosk is a coffee corner. Coffee is grounded and percolated in high quality vacuum coffee makers on the spot. Customers can also buy sandwiches and snacks. All these features have contributed to the new model of RUCH kiosks being recognized as an innovation on the Polish market.

#### In rhythm of space

Over the years RUCH has melted into the landscape of Polish cities. It has changed and is still changing with them. New selling points of RUCH are characterized with a modern design that ideally meets the architectural requirements of contemporary metropolis and developing towns. The graphite colour of the kiosks constitues a neutral background matching the urban architecture and making it possible to effectively display merchandise. The changed stylistics of the RUCH trademark possesses modern and dynamic character. The attractive set of colours attracts attention. The name, the type font and characteristic shade of green refer to the nearly 100-year tradition of RUCH.

#### Need of a place

The retail network has been divided into four segments. Each of these segments provides customers with an offer tailored to the place where they are in a given moment. Except for the so-called basic assortment, kiosks offer characteristic merchandise that is useful in this specific location. Cigarettes, magazines and tickets are sold in busy places; books, gifts and postcards are sold at airports and train stations; an extensive range of weeklies and magazines may be found in shopping centres whereas public utility facilities offer sandwiches or intermediate products that make it possible to prepare a quick meal.
